

Dear Customer,

In the interest of better customer service and because we have had numerous requests, we are offering a new Automatic Payment program. Electronic payments are becoming very popular everywhere. We feel it will be a great convenience at no extra cost to our customers. Simply put, this will give your bank permission to pay our bank every month without you having to worry about writing, mailing checks and late fees.

Sincerely,
The Management

The Automated Clearing House (ACH) division of the Federal Reserve Bank says electronic funds transfer (EFT) is by far safer and more secure than writing a check. EFT is tracked and governed by the ACH. It is transmitted in an encrypted format while a check passes through an average of 11 people who have access to all of your bank account and personal information.
